WEST MIDLANDS, WS2 7NR

Dear Parents and Carers

New "Safer Schools" App:

Please find overleaf details of how to access the Safer Schools App. This App has been recommended by the Local authority and is being launched in schools across Walsall.

The App gives you access to a wide range of help and advice about online safety and safeguarding. The school will also be able to send you updates and messages via the Safer Schools App. The Safer Schools App also links you to the Mary Elliot School web site and allows the school to send out updates and reminders about school events.

Please download this app and use the entry code to access the Mary Elliot part of the App. It is important to do this soon as the entry code for the app will expire by the end of the week.

School Reception Area:

We would like to ask parents / carers for their help in making sure that our students can transition to and from the minibuses as safely as possible. From Tuesday 25th September visitors dropping off or collecting students at the start and end of the school day will be asked not to wait in the school reception area.

The reception area is quite small and at peak times it gets very crowded making it difficult for staff to safely escort pupils through reception to and from the minibuses. Once you have told reception that you are here please wait outside in the area to the left of the doors (as you are facing the building) this will ensure that a clear route is available which allows our students safe access to and from the minibuses.

Thank you for your help in this matter.

John Chell.
