## Assessment

---

Assessment of this unit must make use of the Entry 1 Achievement Continuum. Assessors will be required to record judgements on the Entry 1 OCR learner unit transcript forms and indicate the stage on the continuum at which the learner has achieved the learning outcome.

This unit spans a range of achievement from **supported participation** to **application** on the Achievement Continuum. It may be assessed using any method, or combination of methods, which clearly demonstrate that the learning outcomes and assessment criteria have been met.

The examples provided are just that: learners may demonstrate their ability to meet the criteria in many other ways. Learners are not expected to undertake all these activities in order to meet the assessment criteria.

## Evidence requirements

---

Candidates demonstrate that they can engage in/be involved in completing different household tasks and using different household appliances. The learner may need support in choosing which household task to complete; this will be reflected in their learner transcript.

The Record of Assessment and Evidence for this unit must be completed in full and signed by the assessor to confirm the evidence is authentic and meets the requirements of the learning outcomes and assessment criteria. The completed Record of Assessment and Evidence, together with any other appropriate form of evidence, and the Learner Unit Transcript must be submitted for moderation.
