

The World Around Us

These lessons will focus on the student's awareness of themselves and the people, places and important objects in their lives. These lessons may focus around their peers, familiar staff or family members. Other lessons will focus on themselves, their appearance, their clothes and personal belongings. Some lessons may focus on familiar places, such as knowing where places are around school or visiting familiar places in the community such as places of worship and youth clubs they attend.

Examples.

- Students to spend lessons looking in the mirror and at photos of themselves. Some students matching photos up or finding their own photo.
- Students to visit local places, such as their local church or mosque or local doctors. Explore music, pictures, spices etc. from different cultures, e.g. Cumin and dry rice for India, Chilli for South America etc.
