Some students will: Make a preference between two items.

Few students will: Attempt simple words/letter sounds.

3 - Strands Focus - Week 1

Receptive - Expressive - Interactive

Receptive:

Smell different spices from used in African cooking.

Experience different spices, e.g. Chilli powder, Garlic, Cumin, Corriander, Cinnamom, Star Anise.

Bring the different spices to each nostril in turn and look for reactions, e.g. head turning away, grimace, stilling, smiling etc.

Expressive: Sensory Pre-phonics.

Marking out 'A' and 'F' in sand or flour. Say the letters out loud (if applicable) and support student to extend finger and mark out the letters in the sand or flour.

Aims:

Most students will: Respond with positive and negative reactions

Some students will: Make a preference between two items.

Few students will: Attempt simple words/letter sounds.

Interactive:

Respond to choices e.g. of spices - show a preference, e.g. eye pointing, vocalising, grabbing, smiling etc.

Encourage interaction, e.g. holding, manipulating and interest. Give two to choose from and indicate where they are and allow student to make a preference either by eye pointing, vocalising on each being presented etc. and give them their choice to explore immediately after choosing.
